Contents of Volume 138

Introduction

R. F. Addison and K. R. Clarke (Canada, UK)
The IOC/GEEP Bermuda Workshop 1

Research Articles

K. A. Burns, M. G. Ehrhardt, J. MacPherson, J. A. Tierney, G. Kananen and D. Connelly (Bermuda, FRG)
Organic and trace metal contaminants in sediments, seawater and organisms from two Bermudan harbours 9

M. G. Ehrhardt and K. A. Burns (Bermuda, FRG)
Petroleum-derived dissolved organic compounds concentrated from inshore waters in Bermuda 35

J. J. Stegeman, K. W. Renton, B. R. Woodin, Y.-S. Zhang and R. F. Addison (Canada, China, USA)
Experimental and environmental induction of cytochrome P-405E in fish from Bermuda waters 49

C. Hogstrand and C. Haux (Sweden)
Metallothionein as an indicator of heavy-metal exposure in two subtropical fish species 69

D. F. Leavitt, B. A. Lancaster, A. S. Lancaster and J. McDowell Capuzzo (USA)
Changes in the biochemical composition of a subtropical bivalve, *Arca zebra*, in response to contaminant gradients in Bermuda 85

J. Widdows, K. A. Burns, N. R. Menon, D. S. Page and S. Soria (Bermuda, India, Philippines, UK, USA)
Measurement of physiological energetics (scope for growth) and chemical contaminants in mussels (*Arca zebra* transplanted along a contamination gradient in Bermuda 99

R. M. Warwick, H. M. Platt, K. R. Clarke, J. Agard and J. Gobin (UK, West Indies)
Analysis of macrobenthic and meiobenthic community structure in relation to pollution and disturbance in Hamilton Harbour, Bermuda 119

K. R. Clarke (UK)
Comparisons of dominance curves 143

Short Communication

A. R. D. Stebbing, S. Soria, G. R. Burt and J. J. Cleary (Philippines, UK)
Water quality bioassays in two Bermudan harbours using the ciliate *Euplotes vannus*, in relation to tributyltin distribution 159

Research Articles

K. Pettersson and E. Sahlsten (Sweden)
Diel patterns of combined nitrogen uptake and intracellular storage of nitrate by phytoplankton in the open Skagerrak 167

R. S. K. Barnes (UK)
Reproductive strategies in contrasting populations of the coastal gastropod *Hydrobia ulvae*. II. Longevity and life-time egg production 183

D. Davoult, F. Gounin et A. Richard (France)
Dynamique et reproduction de la population d'*Ophiothrix fragilis* (Abildgaard) du détroit du Pas-de-Calais (Manche orientale) 201

J. S. Ryland (UK)
A circadian rhythm in the tropical ascidian *Diplosoma virens* (Ascidiacea: Didemnidae) 217

A. Clarke (UK)
Faecal egestion and ammonia excretion in the Antarctic limpet *Nacella concinna* (Strebel, 1908) 227
